

A woman with curly brown hair adorned with yellow flowers sits on a tufted, light-colored chair. She is wearing a white, short-sleeved dress with a lace collar and a full skirt, paired with gold wedge sandals. She is looking towards the right. In the background, a white vanity with a double sink and ornate faucets is visible. Above the vanity is a large, ornate mirror with a gold frame. The wall is decorated with rope-like trim and wall sconces. The floor is made of light-colored wooden planks.

## Bathroom Grooming & Storage

THE BOLD LOOK  
OF **KOHLER**®

## Put Your Best Face Forward.

In today's fast-paced world, it is so important to put your best face forward. With a grooming space thoughtfully appointed by Kohler, you'll be able to greet the world, each and every day, with confidence. That's because a thoughtfully conceived grooming space equipped with KOHLER® bathroom furniture and a KOHLER mirrored cabinet affords the homeowner plenty of efficient storage space and provides a platform designed to inspire one to be their absolute best. So go ahead and get creative. Don't be afraid to mix and match these products in any number of combinations. The key is to find the right combination of products that gives you both the functionality and aesthetic you desire.

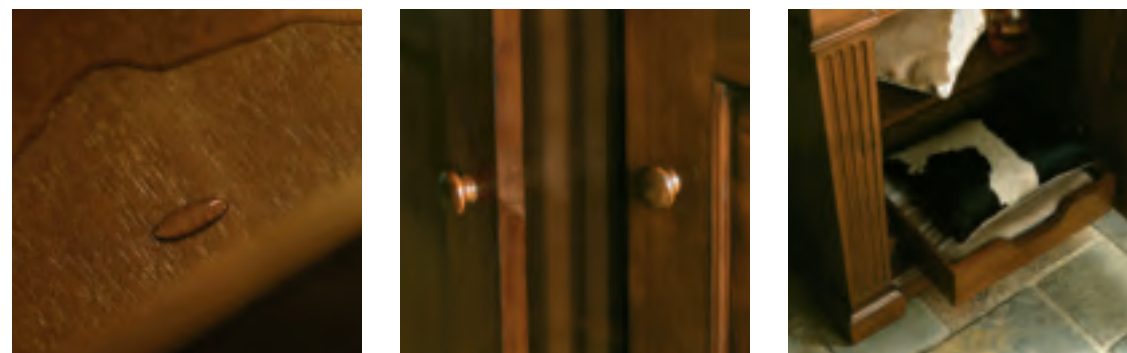

**Provinity**® 42" vanity in Vellum (K-2457-F11) and Iron/Impressions® one-piece surface and integrated lavatory in Innocent Blush™ (K-3052-8-55) with Pinstripe® lavatory faucet (K-13132-3B-SN). **Coordinating mirror** in Vellum (K-2458-F11).

# The Virtues of KOHLER® Bathroom Furniture

Designed to meet stringent manufacturing standards, KOHLER bathroom furniture is offered in an array of styles, sizes and price points. Choose from premier vanities, vanities with the Express™ assembly system, bathroom furniture collections and petite vanities. Every single piece of KOHLER bathroom furniture offers the following standard features and benefits.

- Engineered for the bathroom, KOHLER furniture features industry-leading catalyzed polyurethane topcoats manufactured to withstand the harsh temperature and air moisture changes common to the bathroom environment, and is rigorously tested to ensure longlasting durability.
- All shelving, doors and drawers can be easily removed during the installation process and quickly replaced without the use of any tools.
- Designed to coordinate with a wide offering of KOHLER faucets and lavatories.
- KOHLER bathroom vanities feature engineered drawer slides for superior durability and smooth operation, and are warranted for life.
- Available in multiple styles and sizes, KOHLER bathroom furniture is designed to accommodate a wide array of spatial and design parameters, and offers concealed storage for toilet tissue and other personal items.

**Alberry™** 30" vanity in Cinder (K-2463-F40) and Iron/Impressions® one-piece surface and integrated lavatory in Black Black™ (K-3049-8-7) with Pinstripe® Pure lavatory faucet (K-13132-4A-CP). **Coordinating mirror** in Cinder (K-2503-F40).

## The Virtues of KOHLER® Mirrored Cabinetry

To meet the needs of today's bathrooms, mirrored cabinetry has evolved into luxuriously roomy storage with customized appeal. An array of styles and sizes complements the design scheme of any bathroom, and top-quality construction ensures years of reliable performance. Offered on many models, the triple-mirror design, featuring mirrors on both the door exterior and interior, as well as the back of the cabinet, allows you to groom with the cabinet doors open.

- Rust-free anodized aluminum construction features ¼-inch adjustable shelves for customized storage.
- Adjustable 110° hinges with lifetime limited warranty allow ease of access.
- Style, door and installation options provide personalized design flexibility.
- Mirrored interior doors simplify daily grooming tasks.

**Fountainhead™** 21" mirrored wall cabinet in Blanche Maple (K-2432-F34) with **Fountainhead** integral laminar faucet in Polished Chrome (K-2443-4-CP) and coordinating **Fountainhead** Vessels lavatory in Greek Thassos Marble (K-2352-TH).

## Creating a guest bathroom that feels like home

Many homeowners today want to create a guest bathroom that makes their company feel at home, while also providing some additional storage. Not an easy task. Consider a high-rise condo, where maximizing every square inch is critical. The Clermont™ vanity, along with the Iron/Impressions® one-piece surface and integrated lavatory, offers significant storage space and an attractive transitional design appeal. For the wall, the Archer™ mirrored cabinet reinforces the aesthetic while further streamlining clutter. When paired, these two pieces give the owners that extra storage they need, while making visitors thoroughly comfortable.

Featuring the **Express™** assembly system, the **Clermont** 36" vanity in Oxford (K-2491-F39) is easy to transport and set up, and features a tough catalyzed polyurethane finish. It is paired with an Iron/Impressions one-piece surface and integrated lavatory in Cane Sugar™ (K-3051-8-FD). Also shown, the **Archer** mirrored cabinet (K-3073) and Forté® widespread lavatory faucet with sculpted lever handles in Polished Chrome (K-10272-4-CP). For a complete features and specifications listing of KOHLER® bathroom furniture and mirrored cabinets, see page 18.

## Increase the usability of a small powder room

There's nothing worse than a small powder room that is crowded with plumbing fixtures designed for larger spaces. Consider a seaside cottage getaway. Instead of installing a pedestal lavatory, one might want to consider a KOHLER® petite vanity. Unlike a pedestal lavatory, the Kelston™ petite vanity affords the homeowner with much-needed drawer space without compromising the spatial restraints of the bathroom. This way essential cleaning items can be kept close at hand. Aesthetically, the fluted drawer fronts heighten the sun-drenched seaside appeal. Ideal for powder rooms, the 20-inch Bancroft® mirrored cabinet offers two adjustable glass shelves and a 1-inch beveled frameless door.

The **Kelston** petite vanity in Lily (K-2515-F44) features drawers that are fully extendable and, like all KOHLER bathroom vanities, offers a comfortable ergonomic height. It is paired with the Kelston self-rimming lavatory in White (K-2381-8-0), Bancroft® widespread lavatory faucet in Vibrant® Brushed Nickel (K-10577-4-BN), Bancroft hand towel holder in Vibrant Brushed Nickel (K-11416-BN) and Bancroft single-door aluminum cabinet (K-CB-CLC2031BAN). To complete the aesthetic, consider including a Kelston Comfort Height® two-piece toilet in White (K-11452-0). For a complete features and specifications listing of KOHLER bathroom furniture and mirrored cabinets, **see page 18.**

## Create a truly accommodating his 'n' hers master bath

Remodeling large master baths presents opportunities for creating hard-working, design-sophisticated his 'n' hers grooming spaces. A great way to do this is to install matching vanities. Embracing an upscale design allure and providing both homeowners with their own devoted grooming and storage area, two 36-inch Thistledown® vanities in the rustic yet rich color of Sienna are shown here paired with matching Thistledown mirrors. These conventional mirrors are perfect for those who don't require the extra storage space of a mirrored cabinet, but would like a mirror that coordinates with the aesthetic of their bathroom furniture. Each of the matching vanities features an Iron/Impressions® one-piece surface and integrated lavatory that comes in several standard industry sizes.

The **Thistledown** 36" vanity in Sienna (K-2471-F9) offers solid wood, dovetail drawers that close slowly and fully extend to maximize usable drawer space and, like all premier bathroom furniture by Kohler, features the finest drawer hardware. It is paired with a 37" Iron/Impressions one-piece surface and integrated lavatory in Black 'n Tan™ (K-3051-8-KA) and IV Georges Brass® widespread lavatory faucet in Vibrant® Brushed Bronze (K-6811-4-BV). Also shown is a **coordinating mirror** in Sienna (K-2456-F9). For a complete features and specifications listing of KOHLER® bathroom furniture and mirrored cabinets, see page 18.

# Mix and Match to Create Your Ideal Grooming Space

The beauty of KOHLER® bathroom furniture and mirrored cabinetry is that they are designed to work well together. Inherently versatile, these thoughtfully designed products allow you to choose the pairing that offers both the design aesthetic and functionality you desire.
